Letter of recommendation

Suzlon Wind Energy South Africa (Pty) Ltd wish to commend Mecwind for their expertise and professionalism among their whole staff. We have had many occasions to use Mecwind in the past years internationally, and were always very impressed with the installations and the repair services rendered.

The quality of their people's workmanship is outstanding, their work ethic and their partnership attitude toward us, the customer, is very commendable. We have enjoyed working with Mecwind.

I would highly recommend Mecwind to anyone in search of an honest quality, get-the-job-done turbine installation and service company.

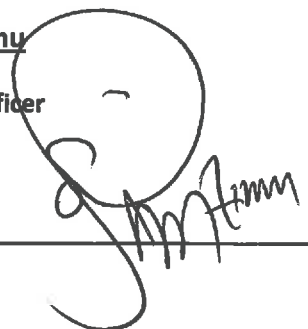

Yours faithfully

Suzlon Wind Energy South Africa (Pty) Ltd.

Silas Mzingeli Zimu

Chief Executive Officer
